Dear Highfielder,

We have set up a fund to support one another within the Highfields fellowship. It is recognised that for some, the reality of loving support means financial help for a season. We want to emphasise that this fund is not charity, but an outworking of Sharing our Lives together — our common life in Christ. Following what Paul says in 2 Cor. 8.13-15, we are confident that our united lives in Highfields are not accidental, but by Divine design. Part of God's design is to grant plenty to some, in order to support those among us who are temporarily in need.

The Sharing our Lives Fund is intended for those who are able to contribute beyond their regular giving to the church and wish to support others who are facing financial hardship. The fund will be overseen by an appointed team under the oversight of the elders. Those who receive help will be encouraged to, contribute back into the Sharing our Lives Fund if God brings them to a place when they can help others in the same way.

If you wish to join in supporting others within the family of Highfields, then please prayerfully consider whether God has given you plenty at this time. Simply download the Sharing our Lives Fund pdf from the website and email it to office@highfieldschurch.org.uk when completed.

If you are aware of those in need, or you are in need, please contact the Office.

In His Service

The Elders
