Small Groups at Highfields

Small Groups

Do you ever feel that it's difficult to get to know anyone in Highfields?

Would you like to meet new people at church?

Would you like to grow as a Christian and study the Bible with others?

Come and try a Small Group!

Who can join?

Small Groups are open to all and are available at various times of the day and week.

There are specific men and women only groups and even groups with child care facilities.

Please get in touch with a member of the small groups team if you have any further questions – they can arrange a no obligation "test drive" to have a taste of our groups!

Further details on times and locations are on the back of this leaflet.

How can a small group help you?

Every week, you will be able to:

- Meet with fellow Christians
- Study the Bible and pray with friends
- Gain support from others
- Be part of something that will develop your faith and recognize your place in the Highfields family.

"The Christian life is a series of important connection points to God. One of them at Highfields is involvement in a small group. I hope you can connect with us that way."

Rev. Peter Baker, Senior Minister

What do small group members say?

"When I was new to the church it was a great way to meet people in a similar situation to myself."

"Small groups have helped me put biblical knowledge to practical use."

"There is a great spectrum of ages and experiences in my life group. I would never have had the opportunity to meet these friends."
